

NavNet™ In-Wall-Mount Frame Kit for iPod™ Touch™

IWM-FKiT

This NavNet solution provides the clean and stylish option to a flush, in-wall mount for an Apple™ iPod™ Touch™ in a permanent or semi-permanent on-wall application. The available NavNet IW-C5CHGR or IW-C5EXT power adapters facilitate a single CAT5 pre-wire that will allow for a constant power supply to the iPod™iTouch™. Once installed, this kit along with any of the NavNet power adapters (not included) and a 4th generation iPod™iTouch™ (not included), provides a traditional, installed touch panel experience.
