

# NavNet™ In-Wall Pre-Construction Box for 12" Touch Panel

## IWP-12WB

Designed for pre-construction applications, the IWP-12WB permits a solid and secure fastening of the enclosure to the stud of a framed wall prior to installation of sheet rock. A variety of wire pass-throughs and knockouts are provided to accommodate various job site conditions and requirements. Allows for a clean and secure installation, after sheet rock, of the NavNet IWP-12 in-wall touch panel.
